

Checking your International online lodgement including eCSD

Creating paperless solutions to streamline international freight lodgement and acceptance for pre-screened freight.

THIS INFORMATION IS RELEVANT FOR REGULATED AIR CARGO AGENTS,
ACCREDITED AIR CARGO AGENTS AND KNOWN CONSIGNORS ONLY

Important information regarding pre-screening regulations for International Freight movements

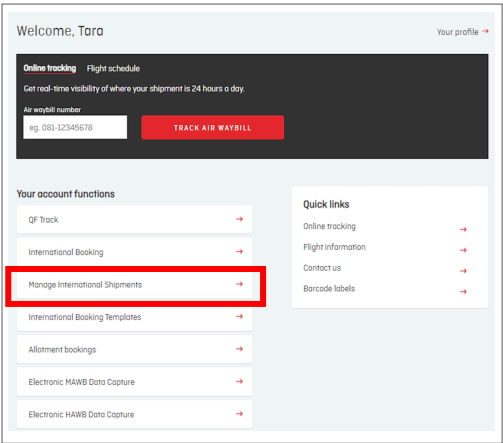

FWB details should be completed in your organisation's system of choice as per your normal procedure, before proceeding to qantasfreight.com to check final information. Required information includes:

- AWB
- Date
- Flight number
- Origin
- Destination
- SCC
- Shipment type (ULD/loose)

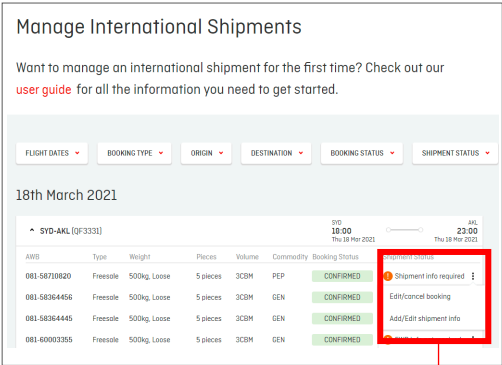

Your security declarations should be available for retrieval within your own system. Please ensure your security program reflects that your declarations will be stored as per your current data submission tool. Alternatively, please consult with the [Department of Home Affairs](#) for guidance.

Online lodgement process

1. Log into your account. Select 'Manage International Shipments'

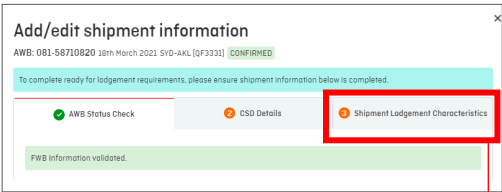

2. To review lodgement information, select Edit or Add shipment information

Use the drop-down

Missing information will be shown in orange

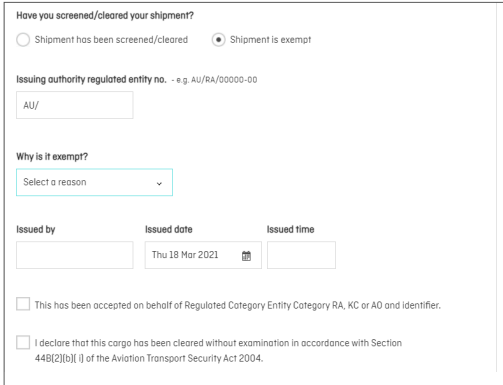

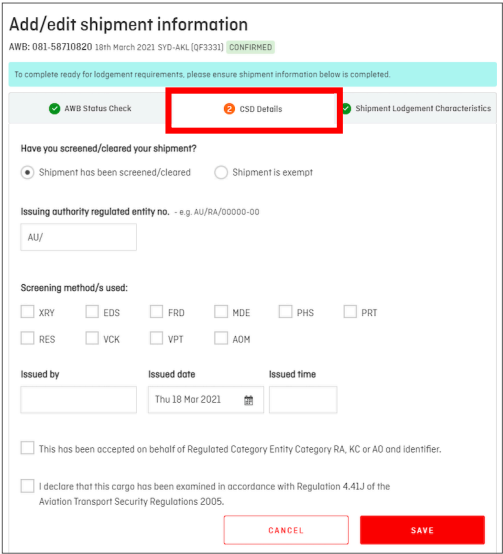

Add/Edit shipment info

Check information submitted via FWB Data.

Review Shipment Lodgement Characteristics, update any missing items or resubmit FWB data.

3. Review eCSD details, pre-populated from FWB submission and resubmit if required

Important information regarding FWB resubmissions: If FWB data is resubmitted, all CSD information must also be resubmitted

Online lodgement process

4. Review Lodgement Characteristics

Add/edit shipment information
AWB: 061-58710820 18th March 2021 SYD-AKL (QF3331) CONFIRMED

To complete ready for lodgement requirements, please ensure shipment information below is completed.

AWB Status Check CSD Details Shipment Lodgement Characteristics

Shipment Characteristics

FWB data confirmed: Total Pieces: 5 and Gross Weight: 500 kg

Type	Pieces	ULD type	Weight	SCC	Dangerous goods	Contains dry ice or a refrigerant
<input checked="" type="radio"/> Loose	5		500 kg	SPEP - FRUIT AND V...	<input type="checkbox"/>	<input type="checkbox"/>
<input type="radio"/> ULD						

+ Add row

CANCEL SAVE

Piece, weight and SCC code will automatically populate from FWB data

Select correct shipment type (loose/ULD)

Select 'save' once complete

If fields haven't been pre-populated from FWB, please review and add as required.

Important information regarding FWB resubmissions:
If FWB data is resubmitted, all CSD information must also be resubmitted
